Nigeria's instability and social turmoil have created unique security challenges for individuals and enterprises operating within its borders. Organizations worldwide need integrated security solutions to sustain their growth and profitability while conducting business in this high risk region.

As the risk of kidnappings, extortion and organized crime increases throughout Nigeria, international companies are being forced to make the security of their personnel, goods and infrastructure a top priority. Ensuring the safety of valuable assets requires the security protection services of experienced professionals with specialized skills who are able to operate in a hostile environment.

Experience You Can Trust

Organizations worldwide rely on Triple Canopy to protect their people, critical infrastructure and other high-value assets in dangerous environments. With former military backgrounds, Triple Canopy security specialists are experts in counterterrorism, special operations, training, security operations and strategy, threat detection, risk assessments, intelligence analysis, medical preparedness and high-risk, crisis situations. Triple Canopy sets the standard for professionalism with stringent training and an exacting code of ethics.

Triple Canopy's cost-effective solutions mitigate risk, maximize safety and are specifically tailored to meet individual client needs in Nigeria. With a local office in Lagos our security specialists are ready to secure your assets and provide the latest intelligence.

Services

Crisis Management

Triple Canopy's crisis management services are provided by Clayton Consultants, a Triple Canopy company, whose team of consultants work in various locations around the world. Our consultants support clients in an advisory capacity based on an intimate knowledge of Nigeria's culture and security situation.

Clayton's consultants and intelligence analysts continually monitor the many armed groups involved in the kidnappings taking place in Nigeria. Our consultants are sensitive to client needs and committed to providing 24-hour crisis response services. Clayton works with clients from their operations in Nigeria. At any one time, at least two Clayton consultants are on standby to respond to clients in Nigeria. We will work with your organization to assess, develop, support and augment a security contingency plan in the event of a crisis.

- Prevention and resolution of kidnapping, wrongful detention and extortion
- Malicious product tampering investigations
- Pre-incident training
- Physical security surveys
