

**TRIPLE CANOPY**

*Secure Success.*

A well-planned and calculated logistical strategy is critical to the successful outcome of any mission. As organizations grow and expand operations worldwide, they require comprehensive support services in order to establish and conduct business safely and expeditiously.

At Triple Canopy, we facilitate successful operations by combining detailed project planning with comprehensive logistics support. Our cost-effective and innovative solutions allow customers to set up operations and conduct business as usual no matter where they are in the world. From life support and communications to procurement and transportation, Triple Canopy delivers the complete support package.

## Facilitating Complex Operations

Triple Canopy delivers logistics services to sustain client and internal company operations worldwide. Specializing in high-risk and emerging markets, our trained and certified specialists establish quality support systems and oversee the entire logistics process.

## Rapid Execution

Speed, safety and security are some of the advantages of utilizing Triple Canopy's logistics services. Rapid deployment of a security team is handled with ease and efficiency by our support specialists. Equipment, food, water, shelter and communications can be provided within a short timeframe to enable customers to maintain business continuity in any environment.

## Certified Experts

Triple Canopy logistics specialists are certified in their fields, ensuring high-quality customer support and the efficient purchase, transport and staging of goods or personnel. The company is registered as an international exporter with the U.S. Department of State (DoS) Directorate of Defense Trade Controls (DDTC) and can export internationally. Our support team includes Project Management Institute (PMI)-certified professionals who manage logistics operations in compliance with ITAR (International Traffic in Arms Regulations) and other U.S. export-control requirements. Our specialists are also Certified Purchasing Professionals (CPPs) who are certified by the National Property Management Association (NPMA) as Certified Professional Property Managers (CPPMs), Certified Professional Property Administrators (CPPAs) and Certified Professional Property Specialists (CPPSs).

## Company Profile

An integrated security solutions company, Triple Canopy mitigates risk and develops comprehensive security programs for government agencies, private corporations and non-governmental organizations across the globe. Our assessments, training, crisis management, protective and support services help customers create and sustain secure business environments. Organizations trust Triple Canopy to protect their people, critical infrastructure and other high-value assets. Our specialists will develop a security program that is tailored specifically to fit your needs. We want to make sure you have the tools, resources and guidance necessary to grow your business and secure your future. Triple Canopy is ISO 9001:2000 certified.
